

ANBAUWERKZEUGE / ABBRUCHZANGEN

Indeco IDC 21

Available · Location 2512 Oeynhausen, Austria

YEAR	OPERATING HOURS	OPERATING WEIGHT	CONDITION
2026	—	2.300 kg	1 (as new)

Description

Offered here is an Indeco IDC 21 Primary Demolition Crusher, manufactured in 2026 – in as-new condition (Grade 1) with hydraulic rotation unit. The attachment belongs to Indeco's current IDC series, specifically developed for the primary demolition of reinforced concrete structures. With an operating weight of 2,300 kg, the unit is designed for 20-tonne carrier machines and offers, according to the manufacturer, a crushing force of 90 tonnes at the tip and a maximum jaw opening of 1,150 mm. The standard integrated hydraulic rotation unit (360°, dual motor) enables flexible working in confined demolition situations without repositioning the carrier machine.

Features & Equipment

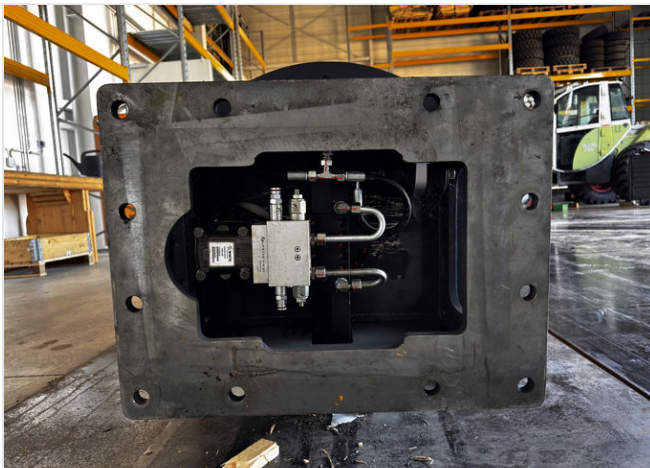

Hydraulic rotation unit
