

LASTKRAFTWAGEN / AUTOKRAN

Krupp KMK2020

Available · Location 2512 Oeynhausen, Austria

YEAR	OPERATING HOURS	OPERATING WEIGHT	CONDITION
1994	10.000 h	20.400 kg	2 (very good)

Description

The Krupp KMK 2020 is a compact 20-tonne all-terrain mobile crane, distinguished by its two-axle all-terrain design and Krupp's proven crane technology. The vehicle offered here, manufactured in 1994, is in good condition (grade 2) and has logged 10,000 operating hours. The three-stage telescopic boom and the hydropneumatic axle suspension make this crane suitable for operation on uneven ground. As a compact two-axle unit, it is particularly well suited for inner-city job sites, assembly operations and confined working conditions.
